RESEARCH INTERESTS

I am a **computational social scientist** studying how people behave and interact in online spaces. Early in my Ph.D., I conducted several research projects on both prosocial and antisocial behaviors by analyzing large-scale digital trace data. My current research examines how seemingly neutral platform features and technologies can produce inequality, and I translate these insights into design strategies for more equitable platforms.

EDUCATION

University of Michigan Ph.D. in Information Science Advisor: Libby Hemphill	Ann Arbor, MI 2027 (Expected)
London School of Economics and Political Science M.Sc. in Applied Social Data Science	London, United Kingdom 2019
Hanyang University B.A. in Sociology and B.S. in Computer Science and Engineering	Seoul, Republic of Korea 2017

PROFESSIONAL EXPERIENCE

Meta , Sales and Marketing Intelligence Data Science Data Scientist Intern	Menlo Park, CA Summer 2026
Roblox , Economy Data Science & Analytics Data Scientist Intern	San Mateo, CA Summer 2025
Nielsen Korea , Retail Measurement Services Data Scientist	Seoul, Republic of Korea 2017–2018

HONORS & AWARDS

Hanyang Academic Excellence Award , Hanyang University • Awarded to the top 1% of undergraduates for outstanding academic achievement	04/2014, 10/2015
The Next Century Humanities Scholarship , Korea Student Aid Foundation • Selected as the sole recipient in the Department of Sociology at Hanyang University for a full two-year, merit-based scholarship awarded by the Korean government	2014–2015
Academic Excellence Scholarship , Hanyang University	Fall 2012, Fall 2013

PUBLICATIONS

EXTERNAL GRANTS

Improving Metadata Quality and Minimizing Disclosure Risk with Human-AI Data Curation Pipelines 2024

Role: Graduate Student Researcher (PI: Libby Hemphill)

- Contributed to grant writing on the topic of automated metadata creation using generative AI [[link](#)]

INTERNAL GRANTS

Rackham Conference Travel Grant (\$900), University of Michigan 2026

School of Information Doctoral Student Travel Grant (Total: \$5,000), University of Michigan 2025–2026

Rackham Graduate Student Research Grant (\$1,500), University of Michigan 2024

INVITED WORKSHOPS & ADDITIONAL TRAINING

iConference Doctoral Colloquium (Virtual) 2026

Consortium for the Science of Sociotechnical Systems Research (CSST) Summer Institute 2025

- Selected to participate in a fully funded program supporting emerging scholars in sociotechnical research through interdisciplinary training, collaboration, and mentorship

Oxford Summer School in Economic Networks, University of Oxford 2019

TEACHING

SI 544: Introduction to Statistics and Data Analysis University of Michigan

Graduate Student Instructor (Instructor: Bobby Madamanchi) Fall 2024

- Taught regression analysis and R programming by leading two weekly discussion sections for 50 graduate students, held office hours, provided feedback on final projects, and graded assignments
- Teaching evaluation: 5.0 (of 5.0) median rating (34% response rate)

SI 650/EECS 549: Information Retrieval University of Michigan

Graduate Student Instructor (Instructor: David Jurgens) Fall 2023

- Developed and graded assignments, held weekly office hours, and provided feedback on final projects

MY470: Computer Programming

Graduate Teaching Assistant (Instructor: Milena Tsvetkova)

London School of Economics and Political Science

Michaelmas Term 2019

MY472: Data for Data Scientists

Graduate Teaching Assistant (Instructor: Kenneth Benoit)

London School of Economics and Political Science

Michaelmas Term 2019

MENTORING

Undergraduate Students

Kate Y. Chung, University of Michigan School of Information

2026

INVITED TALKS & GUEST LECTURES

Garbage In, Garbage Out: Early Data Quality Checks Matter

- SI 313: Introduction to Quantitative Methods/Research, School of Information, University of Michigan, 09/2025

Leveraging Natural Language Processing for Data Curation

- ICPSR Research Forum, ICPSR, 09/2024
- Research Data Ecosystem External Advisory Board Meeting, Inter-university Consortium for Political and Social Research (ICPSR), 08/2024

INVITED PANELS

Leveraging Research Experience for Career Development

- SI 512: Research Experience Development Program, School of Information, University of Michigan, 11/2025

MEDIA COVERAGE

Institute for Social Research (ISR) News, [Who pays it forward? How one online community shines a light on the effects of gifts](#), 02/2026

SERVICE

Program Committee Member

- International Conference for Computational Social Science (IC²S²): 2026

Reviewer**Special Recognitions for Outstanding Reviews: CHI PLAY 2025**

- ACM CHI Conference on Human Factors in Computing Systems (CHI): 2026
- International AAAI Conference on Web and Social Media (ICWSM): 2026
